## Rules for participating in Virtually Grampian Pride 2021

- You must be respectful and friendly at all times
- Do not use foul or offensive language
- Content must be LGBT+ related with the focus on Pride. Remember Pride is a family friendly event
- Promotion of specific events that are to generate income are prohibited
- Do not ask for donations to any charity or group other than Grampian Pride during this time
- A volunteer for Grampian Pride will be monitoring all sessions and comments to assist you if needed

Above all, please remember to have fun. Whilst going live you will be addressing countless people. Use that to your advantage and promote your services, activities, support to the LGBT+ community. Many LGBT+ individuals don't access mainstream support, fitness, activities due to a fear of not being included and/or being mistreated because of their gender/identity. Promote that service and reassure the community they will be treated fairly and accepted whole heartedly throughout.

With best wishes
